The meeting of Anti Ragging Committee has been convened on 24.08.2023 at 2.30 PM in the Conference Hall in Ground Floor with all the Deans, HoDs and members of Anti Ragging Committee.

The Convener, Anti Ragging Committee welcomed all the Anti Ragging Committee members for the meeting and requested the Director to address the gathering.

The Director said that the Anti Ragging Committee Meeting is being organized to discuss steps to be taken to bring confidence to students and parents. The Anti Ragging Committee was constituted to look after the protection of junior students from senior students regarding ragging inside or outside the campus. The Director said that there are no ragging cases in our campus from the inception and our campus has been a ragging free zone. We achieved it with the cooperation of all the Deans, HoDs, Faculty, Staff to the HoD, H&S and Convener, ARC. Though we may not anticipate any cases, the anti Ragging Committee has to observe the movements of senior and junior students within the campus and outside the campus. The senior students will try to interact with 1st year students and interaction is not ragging, but it should not cross the limits. The GOI, UGC, JNTUH, AICTE, TSCHE etc. and all other constituent bodies kept Toll free number in public domain. If any student give complaint, immediately passes the information to the Director General of Police and Local Police of that area. Even though there are no cases inside or outside, we should be very vigilant. Though there are no cases of ragging, but there may be some apprehensions in students and their parents since they are very sensitive. So we have to create confidence in students and their parents. Once the child admitted in the Institution no activity of ragging and no further disturbances should be prevailed in the campus. The procedures to be followed will be explained during the Orientation / Induction programme to create awareness in the students and in the parents. The students common meeting points like Canteen, Library, Buses, outside bus stops and nearby shops, outside the campus also to be monitored by Anti Ragging squad. We have to take care of students for first 2-3 months and this period is more crucial as it can give the feeling of protected Institution. However, the surveillance in the Institution and Anti Ragging Squads are prevalent, all the Deans, HoDs, Faculty and Physical Directors are also requested to be more vigilant throughout the day until the student departed from the Institution as prevention is better than cure. In this regard mentoring is very important and for every 20 students one mentor will be allotted who will observe the student and he/she will be responsible to bring to the notice of the Committee. The Local Police Inspector also visits our campus soon and will address separately students to bring awareness and consequences among them. The Director said that this academic year our Institution has good response and better admissions and most of the seats under Convenor and Management quota were filled. There are 11 Sections in Ist Year and there may be 65 students in each class. The quality we are adding every year resulted good quality of admissions. Hence, our responsibility increased and requested try to get good results from the day one. We should be very careful towards 1st year students and they should not feel unhappy in the campus. The attitude of the Faculty and friendly atmosphere in the College is very important. The Deans and HoDs are requested to propagate the importance of the attitude on campus and off campus so that the information passes to juniors which help in future admissions, for this we have to maintain Academic standards and to maintain discipline. Every one of us should work hard in this direction and we can also adopt corporate methodology and prepare students well and good performance in the examinations and our ultimate goal is to get 100% result and above 7 grade. The two weeks Induction programme will be conducted to the 1st year students as per AICTE instructions and Academic Calendar. The Induction programme must be planned perfectly, but not for name

sake. He further said that generally the students behavior in Intermediate stage is some thing different and some time ferocious. We bring to change their attitude to have good career and we need to train the students of general behavior, regularity in attending classes, punctuality. It is the responsibility of all of us to nurture the students to become them as global citizens. The Faculty should have commitment to dedicate for the development of the students to make them and realize to grow as a responsible citizen. The bad legacy of ragging, humiliation junior behave with seniors or Faculty. We have to start our action to change them to make them to normal position. We have to change the attitude of the students, the Faculty to plan meticulously to change the behavior, for that we call eminent persons and motivational speakers. The students admitted in the campus, 10-15 days are very crucial to make the students soft. There should be no arguments with the students and avoid using harsh words. In the present A.Y, the students strength in the campus is more than 3000. The Orientation program is scheduled on 28.08.2023 at 9.30 AM to CSE & CSE-DS and on 30.08.2023 at 10.30 AM to CSE-AI&ML, ECE, Civil & IT to be conducted at Auditorium and Ist year class work will also start soon after completion of the Induction programme. Sri Nagarjun Malladi, Vice President & Group Delivery Head, Tech Mahindra is invited as Chief guest to address the students and parents of B.Tech First Year CSE & CSE(DS) on 28.08.2023 Sri Nagarjun Malladi, Vice President & Group Delivery Head, Tech Mahindra is invited as Chief guest to address the students and parents of B.Tech First Year CSE & CSE(DS) on 28.08.2023 and Sri Bala Prasad Peddigari, Chief Innovation Officer and Global Head – Technology Advisory Services, CMT Unit, TCS, Hyderabad to address the students and parents of B.Tech First Year CSE(AI&ML), ECE, Civil & IT on 30.08.2023. Further in Induction programs other renowned speakers will also visit the Institution to address on behavior and other things, and requested all the HoDs to cooperate with HoD, H&S and Convener of the Anti Ragging Committee and other faculty members. For successful conduct of Induction program, everybody should try to bring good name and fame to the Institution. Since ours is an Integrated campus, boost the confidence among the students and we need to mentor students and focus studiously on mentoring. The Director requested the Committee members to make our campus as **“RAGGING FREE CAMPUS”**.

The Director further informed that Anti Ragging Committee has been constituted to bring awareness among the students about the consequences of ragging and take measures to prevent the ragging in and outside the Campus. Further Anti Ragging Squad also been constituted in and around the College campus with the faculty and staff of the College to take suitable measures to curb the ragging menace and to augur well in preventing/quelling ragging and if any uncalled for behavior/incident by the students.
