Report on Guest Lecture by Mr.M.Surya Narayana

On

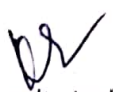

SUBSTATION LAYOUT DIAGRAM AND ITS WORKING ON ITS TRANSMISSION AND DISTRIBUTION.

Department of Electrical and Electronics Engineering of NNRG,Koremula has organised a guest lecture on substation layout diagram and its working on its transmission and distribution on 3rd November 2018. The guest speaker was Mr.M.Surya Narayana garu Divisonal Engineer TSSPDCL,Hyderabad. The guest has arrived at 10.15 am and was welcomed by Dr.P.Ramesh,Head of the Department.

The lecture was attended by staff and students about 50members Mrs. G.Srivani,Asst Proff, EEE department introduced the speaker Mr.M.Surya Narayana garu Divisonal Engineer TSSPDCL,Hyderabad.He explained the different switch gear protection equipments like circuit breakers,isolators and different types of relays. He explained the importance and operation of different relays and there tripping system whenever there are faults.Also discussed about types of faults which occur in whole process of generation, transmission and distribution. The lecture was concluded by vote of thanks by G.Srivani,Asst Proff and Dr.G.Janardhana Raju, Dean School of Engineering presented memento to the chief guest and addressed the gathering.

Dr.P.Ramesh,Head of the Department and G.Srivani,Asst Proff, Co-ordinator from the department co-ordinated the students for the successful conduction of the lecture.

Date: 3/11/2018

Department of Electrical & Electronics Engineering

Academic Year: 2018-19

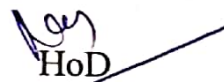

Semester: I

Activity: Guest Lecture.

Consolidated report and outcomes of the Guest lecture:

1. The guest lecture focuses on the different phases of Transmission and Distribution network.
2. The guest lecture gave the practical knowledge of substation layout in practical.
3. The session was very informative and interactive.
