A Report on
FORGING YOUR WAY
(Planning a Successful Career)

Electronics is the branch of study that has revolutionized the lifestyle of humanity. It is a pacesetter and a prime mover behind the transition to a technological society. The field of Electronics and Communication Engineering encompasses all areas of human life. Radio, television, telephones, computers, automobiles, office machinery & household appliances, life-saving medical equipments & space vehicles, etc., represent a mere sample in the wide spectrum of Electronics & Communication.

Department of ECE successfully conducted a session on "Forging Your Way" for II B.Tech students on 4th November, 2023 in association with IETE Student Forum. The aim of this session is to provide an insight on how to plan a successful career for students, which is used for students to know the opportunities exist in the market, planning career and improving the skills to get job in the area of ECE. The session comprises of theoretical lecture delivered by the **Dr. S. Ravichand, Head of the Department ECE, NNRG.**
