## "IETE Foundation Day"
(Nov-2023)

The department of ECE has successfully conducted a program titled "**IETE Foundation Day**" to mark the day on which the IETE Forum was established on **2nd November, 2023**. It is for the benefit of students, faculty and researchers in the engineering society, especially for the electronics, telecommunication and computer science related domains. On IETE foundation day, the department has organized a "Project Expo". Students of final year have exhibited working models, which were done as a part of mini project. Students from third year have attended the project expo. They have participated the expo with enthusiasm and lot of queries were answered by the final year students.

IETE-ISF Coordinator: Dr.B.HariPrasad Naik

Mr. P.K Kulkarni, Fellow-IETE and Associate Professor in department have addressed the student gathering. He explained about the role of IETE and ISF forums in various fields. He also addressed about the relevance of IETE student forum and its usage by the students community.

Mr. P.K Kulkarni, Associate Professor addressing the Students.

Participation of Students at the Expo.
