Report on Alma connect

Date: 18.09.2026

Title of the Program: Alma Connect – Senior–Junior Interaction

Date: 17.09.2026

Time: 12:00 Noon

Venue: ECE Seminar Hall

Resource Persons:

Mr. A Swathi (217Z1A0407)

(2021–2025 Batch Alumni)

Quality Specialist Team Lead

London Stock Exchange Pvt Ltd

Mr. Dudekula Rafi (217Z1A0421)

(2021–2025 Batch Alumni)

ROC Specialist

Amazon Pvt Ltd

Target Audience: ECE Students (IV Year)

Objectives of the Program

- To strengthen alumni–student interaction
- To provide guidance on career opportunities in the semiconductor and VLSI industry
- To motivate students towards skill development and industry readiness

Brief Description of the Program

The Department of Electronics & Communication Engineering organized “**Alma Connect – Senior–Junior Interaction**” on 17th September 2026 as part of alumni engagement and student development initiatives and with the objective of strengthening the bond between alumni and current students and providing guidance on career opportunities, higher education, and industry expectations. The program was conducted with the participation of IV-Year students, faculty members, and distinguished alumni working in various organizations. The event commenced with a welcome address by the faculty coordinator, highlighting the importance of alumni engagement in student development.

The session was delivered by **Ms. A Swathi & Mr. Dudekula Rafi** are alumnus of the department and currently **Ms. A Swathi**, working as a Quality Specialist Team Lead at London Stock Exchange Pvt Ltd and **Mr. Dudekula Rafi** working as a ROC Specialist at Amazon Pvt.Ltd. During the session, she shared her academic journey, preparation strategies, and experiences in entering the

semiconductor industry. The session was interactive with students asking questions related to career paths, internships, interview preparation, and skill development, certifications, and continuous learning.

Time: 12:00 Noon Venue: ECE Seminar Hall	

During the interaction session, the alumni shared their professional experiences, career journeys, and valuable insights into current industry trends, required technical skills, placement preparation strategies, and opportunities for higher studies. They also discussed the importance of communication skills, aptitude preparation, internships, certifications, and continuous learning for achieving career success.

Students actively participated in the session by asking questions related to placements, emerging technologies, work culture, higher education, and career planning. The alumni provided practical suggestions and motivated the students to enhance their technical competencies and professional skills.

The event served as an effective platform for knowledge sharing and networking, helping students gain a better understanding of industry expectations and future career paths. The interaction was highly beneficial, inspiring students to prepare themselves confidently for their professional journey. The Department expresses its sincere gratitude to the alumni for their valuable time, guidance, and continued support in mentoring students. Such initiatives strengthen the alumni network and contribute significantly to the academic and professional development of students.

Glimpses of Event

Outcome of the Program:

- Enhanced interaction between alumni and students.
- Improved awareness of industry requirements and career opportunities.
- Guidance on higher education and placement preparation.
- Motivation for skill development and lifelong learning.
- Strengthened alumni–institution relationship.

Conclusion

The Alma Connect – Senior–Junior Interaction program was successfully conducted and proved to be highly informative and motivating for students. The department looks forward to organizing more such alumni interaction sessions in the future.
