Elite Gathering Speakers

The Elite Gathering was graced by speakers along with the faculty members.

Outcomes:

1. Students will develop a deeper understanding of their role in society, recognizing how their knowledge and skills can be applied to address real-world challenges and contribute positively to their communities.
2. Students will be motivated to transform academic learning into meaningful action through innovation, ethical practices, and community engagement, fostering leadership and problem-solving abilities.

“Knowledge finds its true value not in what we learn, but in how we use it to uplift others and shape a better world.”

Coordinators

1. Mr. A. Aravind, Assistant Professor 
2. Mrs. K. Shiva Prasanna, Assistant Professor

Head of the Department

Dr. Ravi Bolimera
Associate Professor

Date: 01st April, 2026

REPORT ON
“ELITE GATHERING”

GATHERING PARTICULARS

| <u>Date organized</u> | <u>Venue / Organization</u> | <u>Attendees</u> |
|---|--------------------------------|---|
| 31 st March, 2026 (Tuesday) | Auditorium (Third floor), NNRG | B. Tech. (ECE) III year, II-Sem A, B & C Section (07 students) |

Purpose of Gathering:

The Department of Electronics & Communication Engineering at Nalla Narasimha Reddy Education Society's Group of Institutions, Hyderabad, in collaboration with the college management and H&S Department, organized a one-day Elite Gathering program for B. Tech III Year, II-Semester students, with participation from all sections, on Tuesday, 31st March 2026.

The program focused on the theme: ***“Knowledge with Purpose: Social Responsibility of the Young Generation”***.

This theme emphasizes that education is not just about acquiring information, but about using that knowledge to create meaningful impact in society. In today's rapidly changing world, students are empowered with access to advanced learning, technology, and global perspectives. This elite gathering highlights the idea that young minds must go beyond academic success and actively contribute to solving real-world problems such as environmental sustainability, social inequality, and ethical innovation. It encourages students to develop a sense of purpose, aligning their skills and education with the needs of the community.

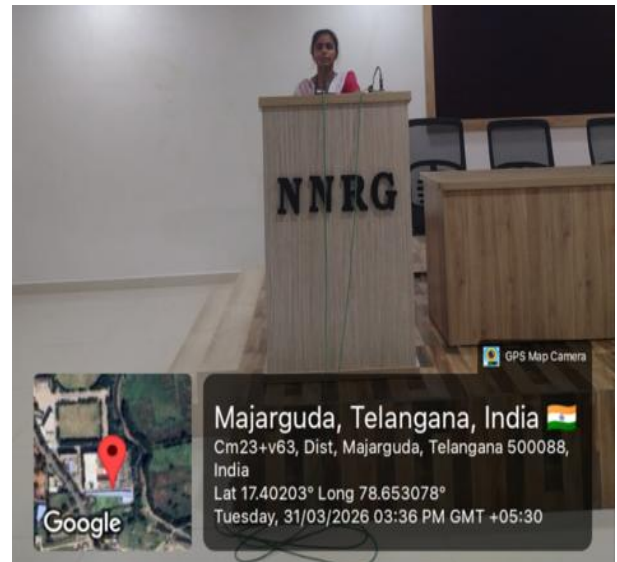

For students, this theme serves as a reminder that they are not just future leaders they are present change makers. By engaging in community service, responsible innovation, and ethical decision-making, they can transform knowledge into action. This gathering inspires students to take initiative, collaborate with like-minded peers, and cultivate values such as empathy, accountability, and leadership. Ultimately, it reinforces that when knowledge is guided by purpose, it becomes a powerful tool to build a more inclusive, sustainable, and progressive society.
