DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

INSTITUTE's VISION AND MISSION

VISION:

- To be a premier institution ensuring globally competent and ethically strong professionals.

MISSION:

- To provide higher education by refining the traditional methods of teaching to make globally competent professionals.
- To impart quality education by providing the state-of-the-art infrastructure and innovative research facilities.
- To practice and promote high standards of professional ethics, transparency and accountability.

DEPARTMENT's VISION AND MISSION

VISION:

- To produce creative Electronics and Communication engineering graduates with cutting edge technology and Research to meet Industry and societal needs.

MISSION:

- To provide innovative learning environment to enable the students to face the challenges.
- To provide value-based education by promoting activities addressing societal needs.
- To enable graduates to develop the skills to solve complex problems in multidisciplinary activities.

1. SALIENT FEATURES

ABOUT ECE DEPARTMENT

Electronics is the branch of study that has revolutionized the life style of humanity. It is a pace setter and a prime mover behind the transition to a technological society. The field of Electronics and Communication Engineering encompasses all areas of human life. Radio, television, telephones, computers, automobiles, office machinery and house-hold appliances, lifesaving medical equipment and space vehicles represent a mere sample in the wide spectrum of application of Electronics.

In the age of satellite transmitted television and transcontinental computer network, the challenge and opportunities in this profession continue to mushroom. Electronics and Communication Engineering graduates have unlimited opportunities in the field of terrestrial and extra-terrestrial communication systems like telephones, cellular phones, television, optical fiber communication, consumer and entertainment devices. Highly rewarding and greatly satisfying opportunities await the Electronics and Communication Engineers in the field of satellite space programs, embedded technologies etc.

The Department of Electronics and Communication was started in the year 2009. It is a full-fledged academic department for emerging ECE engineers. B.Tech. (ECE) program was duly approved by the AICTE and affiliated to JNTU, Hyderabad. An intake of 60 was sanctioned initially and then it is raised to 0 from the year 2019. PG Programme in M.Tech with specialization VLSI & Embedded Systems is approved by AICTE for the academic year 2013-14, with an intake of 18. Faculty of the department are 33 in number, out of them 8 are doctorates from various reputed institutions, and 12 faculty are pursuing ~~in~~PhD. Younger faculty of the department is having more than 4 years of teaching experience. Department is having eight well equipped and spacious state-of-the-art laboratories. Seminars, Workshops and Technical Symposia are conducted in the department to keep faculty and students updated with latest developments in various technologies. The department is committed to provide students the opportunity to embark on a rewarding and exciting learning journey in preparation for a future career.

The Electronics & Communication Engineering (ECE) Department has built a reputation for excellence in teaching and service. Electronic engineers are changing the world to a comfortable global home. The information and technology revolution has been built on the advances of Electronics.

ECE is making exhilarating progress in areas ranging from microelectronics, mobile communications to VLSI Design Automation. In labs and classrooms, students draw on the expertise and knowledge of our faculty, integrating practical with challenging and interesting course-work. The team approach is very warm in the Department.

The software's and major Equipment that are available in the department are:

- Cadence EDA Tool
- MATLAB-2014b and Tool Boxes (Simulink, Image Processing, Communication, SignalProcessing and Digital Signal Processing System)
- Spectrum Analyzer and Signal Generator
- OFDM trainer kit
- Digital Signal Processors Kits (TMS320C6713)
- Advanced RISC Machine Processor Kits (LPC2148)
- Xilinx SPARTAN 3E FPGA Boards
- Artix-7 FPGA kit, Zynq-7000 SoC kit
- Xilinx Vivado tool

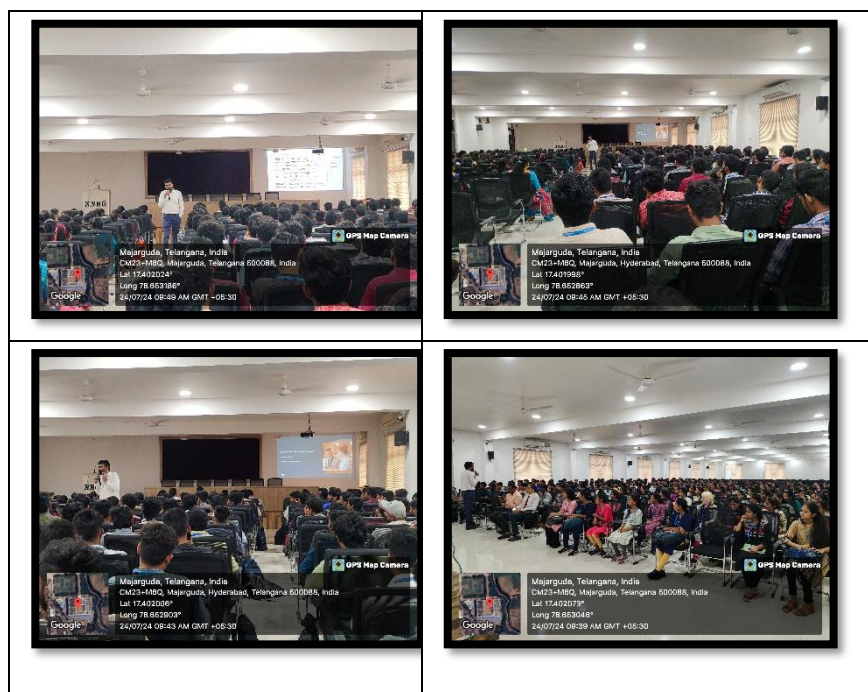

2. DEPARTMENTAL EVENTS

➤ AMCAT

AMCAT (Aspiring Minds Computer Adaptive Test) is an employability assessment.

Mr. Chandrahas, AMCAT Manager explained about moto AMCAT & its benefits for candidates access to job opportunities across multiple sectors on 24/07/2024.

He explained about the importance of aptitude, technical knowledge, logical reasoning, and language proficiency ensuring to meet industry requirements and kept an sample assessment test.

➤ NBA(CO-PO Mapping)

Department has organized sessions on CO-PO Mapping & Attainment for NBA. This enlightened the faculty in their subjects. Faculty members acted as resource Persons and elaborated about the importance of Course Outcomes, Program Outcomes, Mapping & Attainment and concluded the sessions with the COPO mapping & attainment process. This helps ensure that there is coherence and alignment between individual courses and the overall program, and that students are making progress towards achieving the desired learning

outcomes. It also provides valuable information for curriculum review and improvement.

The following faculty members explained about the CO-PO Mapping & Attainment.

➤ Industrial Visit: Geological Survey of India

The Department of Electronics & Communication Engineering of Nalla Narasimha Reddy Education Society's Group of Institution, Hyderabad with the support of college management and department staff had organized an Industrial Visit program (1-day program) for B.Tech. (ECE) students on 12th August 2024 (Monday) to 'GEOLOGICAL SURVEY OF INDIA (GSI)', Bandlaguda, Hyderabad following an invitation from them on the workshop titled "SPACE TECHNOLOGY APPLICATIONS" for the commemoration of maiden 'National Space Day'.

The Speakers who were Senior Scientists working at GSI highlighted various aspects of application of space technology, used and to be used in the coming days for the launch of missiles and satellites for the benefit of exploring the solar system & universe with its elements.

3. INSTITUTIONAL EVENTS

➤ Inauguration of Robotics Club (NIKRos)

NNRG officially inaugurated the NIKRos (NNRG Innovation Knight of Robotics), marking a significant milestone with the formal inauguration of the Robotics Club on 09/07/2024. The event is a fusion of innovation and enthusiasm. Mrs. Madhavi K, Assistant Professor, ECE Department will act as a Coordinator for NIKRos. Robotics plays a vital role in automation and embedded system and has a wide scope of innovation. To cater this requirement, NIKRos, a robotics club was established.

Dr C. V. Krishna Reddy, Director, NNRG inaugurated the event with a cordial greeting address. Dr S. Ravi Chand, HoD, ECE stated that the organization intends to establish a center of technological innovation and excellence by staging workshops, competitions, and seminars, with an emphasis on the significance of robotics in the contemporary technological environment and the club's objective to cultivate a culture of creativity and innovation among students. Dr G. Janardhana Raju, Dean, SoE, encouraged the society to organize events in collaboration with the IIIC and IIC. Dr C. V. Krishna Reddy, Director delivered a keynote address, emphasizing the strategic importance of robotics in future development.

➤ NPTEL E-Workshop

The NNRG and Don Bosco Institute of Technology conducted a "NPTEL E-Awareness workshop" in collaboration with IIT Madras. On August 1, 2024, at 10:00 a.m., NPTEL team members addressed the faculty and students of NNREGSI & DBIT via Zoom. The significance of the meeting is underscored by NPTEL's SPOC, Madhavi K, and Director Dr C V Krishna Reddy. He spoke to the assembly, emphasized the importance of NPTEL, and greeted the expert.

Mrs. Bharathi, the NPTEL team coordinator at IIT Madras, explained the importance of NPTEL courses and their benefits.

➤ **Accelerators/Incubation Opportunitites for Students & Early-Stage Entrepreneurs**

As a part of Institution's Innovation Council (IIC), Nalla Narasimha Reddy Group of Institutions organized a session on "Accelerators / Incubation Opportunities for Students & Faculties Early-Stage Entrepreneurs " by Prof. M.L. Sai Kumar, on 22nd August ,2024 from 11:00 AM to 1:00 PM. The session was started by Dr. G Janardhana Raju, the Dean School of Engineering & Convener of IIC, by welcoming the resource person Professor M L Sai Kumar. The Session started with an activity making the students understand the topic which was to be dealt. The motive behind this event is to spread the awareness regarding Entrepreneurship skill, Attitude and Behavior.

➤ **Lean Start-Up & Minimum Viable Product /Business -Boot Camp/Mentoring Session**

As a part of Institution’s Innovation Council (IIC) a session has organized on “Lean Start-up& Minimum Viable Product/Business-Boot Camp (or) Mentoring Session” by Mr. Lingala Naresh, Founder: Tarunam, the Ecopreneur & Creamy Millet on 23-08- 2024. The session was started after the introduction of the resource person. Mr Lingala Naresh shared his insights about it has become central to the success of countless start-ups around the world: the Lean Start-up methodology and the creation of a Minimum Viable Product, or MVP. These concepts, along with the importance of business boot camps and mentoring sessions, are transforming the way we approach entrepreneurship, enabling more people to turn their ideas into successful businesses.
