

Report of Industrial Visit on 15-02-2020

With the permission letter from Roshini Micro systems ,IDA, Cherlapally for industrial visit dated 8th Feb 2020.The students of second year ECE-A,II sem have visited Roshini Microsystems on 15th Feb during 10 am to 2:30 pm .Students were accompanied by senior faculty Mr. B. Chandra Shaker Reddy, Assoc. Prof.

Roshini Micro systems are basically a PCB design, fabrication and assembly service unit. First the students were provided with basic steps involved in the design of a PCB. Then students were taken to the fabrication chamber. Finally students have seen the steps of PCB fabrication later they were taken to the assembly unit. Students have learnt how packaging is done at assembly unit. With this industrial visit students have acquired good knowledge regarding the design and fabrication of a printed circuit board.

Students received good knowledge regarding manufacturing of PCB. Employees of Roshini Micro systems doubts posed by students.
