

## School of Management Sciences

### Report on Industrial Visit to Jain Irrigation Systems Ltd.

The School of Management Sciences as an imperative to initiate industry institute interaction has organized a half day industrial visit to "Jain Irrigation Systems Limited, Manufacturer of export quality irrigation systems, pipes and fittings" located at Kondamadugu, Bibinagar on 22<sup>nd</sup> January 2019 (Tuesday) for MBA II Year Students to enrich them with the real time operational knowledge of the unit. The students accompanied by 2 faculty members visited the unit and observed the process of pipe manufacturing of different specifications starting from ingredient procurement to finished product and also have become aware of distribution channel management of pipes to various locations across the state. The company manufactures a full range of precision-irrigation products in the unit. The unit runs for 24 hours in three shifts with an employee base of around 400 members. The students are enriched with the application of their theoretical knowledge to the various operational practices of the business.

The students started from the college at 10:30AM and reached the unit by 11:05AM. We are received by the production team of the unit and the students were briefed about the unit and their activities for 45 minutes with power point presentation and cleared the doubts raised by the students. The students were also explained about the other units and the irrigation products made by them at different manufacturing units.

The students were very happy with the visit as they could get an insight of the manufacturing process of pipes. The faculty and students thanked the management and concerned personnel and returned back to the college by 2:15PM.
