Report on Industrial Visit to ICRISAT (International Crops Research Institute for the Semi-Arid Tropics)

The School of Management Sciences has organized one day industrial visit to "ICRISAT" an international non-profit organization which undertakes scientific research for development, located at Patancheru, Hyderabad on 30/01/2023 (Monday) for MBA I and II Year students. The International Crops Research Institute for the Semi-Arid Tropics is an international organization which conducts agricultural research for rural development, headquartered in Patancheru with several regional centers. The visit was organized to expose the students to the latest agricultural developments in the rural areas which are initiated by the institute. ICRISAT conducts training programmes to to-be-agri entrepreneurs and offers internships to management and agriculture students. The students and 4 faculty members observed the activities undertaken by the institute such as development of new breeds of Sorghum, Jowar and other millets. The research centre also has its presence in other parts of Asia and sub-Saharan Africa with a wide array of partners throughout the world.

The students started from the college at 9:30AM and reached the center by 11:20AM. The students were received by the concerned persons and a briefing session was held for half an hour with explanation of the activities performed by ICRISAT. The students were then taken for a tour throughout the ICRISAT Campus and were shown the different wings of the center.

The students accumulated enormous knowledge about research areas of ICRISAT, through the visit. The faculty and students thanked the ICRISAT personnel and returned back to college by 4.15 PM.
