University Anantapur was the Guest of Honor for the program. The Chief Guest Dr. Venkataramanaiah has inaugurated the session at 9.45 A.M. on 5th October and conveyed a message that for making an entrepreneur the role of the academic institutions and teachers in entrepreneurship development. He also said that education beyond the campus for the students is very important and mere class room teaching would not sufficient to direct a student towards entrepreneurship. He emphatically said that the role of a perfect teacher is not just class room teaching but education beyond the campus is very important which would mould the student to chose better startups. He said that the Institutions should also focus on creating an atmosphere for the students to focus on entrepreneurships. He cited an example of an innovative idea of a teacher in Jharkhand who has introduced paper boards which would be attached to the walls to facilitate the students to maintain social distance during the present pandemic situation of COVID-19. He said that there are lot of innovations and creativities but these to be protected, importance of IPR as to protect our innovations, consumer empowerment, data driven analytics, e-business, health and safety importance of cost, quality, delivery; need based business innovation, supply chain innovation etc. Prof. K. Nagabhushan Raju, Guest of Honor has conveyed his message about the importance of parents and teachers to equip and train the students towards entrepreneurships. He said that teachers should think in a different way to create an innovative idea among the students. For this, Information Technology, Research, social innovations, entrepreneurships in rural areas etc. are very important and we should go to the rural areas and study the basic problems which are being faced by the rural people for establishing a start up and address the students as to how to overcome the situations prevailing at the rural areas.

Dr. M. Shiva Kiran, Manager, Atal Incubation Centre, SK University, Anantapur discussed about the role of Incubation in Entrepreneurship and Innovation. Dr. Vasudeva Reddy, Director, Green Power Technologies, Hyderabad has discussed about the Performance Management in SMEs - Implications to Indian Manufacturing Entrepreneurs. Prof. Suresh Kumar Dhameja, Entrepreneurship development & Industrial Co-ordination Department, NITTTR, Chandigarh has started the session on 7th October and shared his views about the Blue Ocean Strategy for Entrepreneurship, Innovation and Incubation.
