School of Management Sciences

Report On Industrial Visit To National Geophysical Research Institute (NGRI), Hyderabad.

Date: 26th September, 2024

The School of Management Sciences has organized one day Industrial visit to **National Geophysical Research Institute (NGRI)** for II MBA Students on 26th September 2024 for the academic year 2024-25 to The **NATIONAL GEOPHYSICAL RESEARCH INSTITUTE (NGRI)** located in Hyderabad, Telangana, India under the Council of Scientific and Industrial Research (CSIR). IICT conducts research in basic and applied chemistry, biochemistry, bioinformatics, and chemical engineering and provides science and technology inputs to the industrial and economic development of the country. The objective of the industrial visit is to enhance the practical stimulation and help students gain first – hand information regarding functioning of the industry, which presents the students with opportunities to plan, organize & engage in active learning experience both inside and outside the classroom.

A total of 54 students II year II Semester MBA student (2024-2025) were attended the visit accompanied by three faculty members Dr.Gopinath Rao, Dr.P .Padmaja, and Dr. P Meena Kumari guiding students about the visit started at 10:00 A M in the college and reached the facility by 10:30 A M. The location of the Institute was very beautiful that supported the environmental harmony with the institute erection. There was a lot to learn about in the institute which we can't cover in one day. The greenery and the beauty of the weather there was enough for us to have a wish to gain and acquire skills to work with zeal. Our technical visit was a knowledge gaining one that helped us know how the earth's physical, components are being studied and also how the earth's atmospheric layers effects the signals of mobiles and satellites. The faculty and students thanked the concerned Personnel and returned to the college by 1:00 P M
