

SCHOOL OF PHARMACY

REPORT ON

SKILL DEVELOPMENT PROGRAM

From 6th to 8th February 2025, the School of Pharmacy, Nalla Narasimha Reddy Group of Institutions, organized a Specialized Training Program on Medical Coding & Billing for the B.Pharmacy 2025 passing out batch. This program was conducted in collaboration with the Telangana Academy for Skill and Knowledge (TASK), with the objective of enhancing students' employability in the healthcare documentation and medical billing sector.

The sessions were expertly led by Mr. Nikhil Chandra, an experienced professional in the field of healthcare revenue cycle management and medical coding. Over the course of three days, Mr. Chandra delivered comprehensive training covering key aspects such as:

- Fundamentals of ICD (International Classification of Diseases)
- Introduction to CPT (Current Procedural Terminology) Coding Systems
- Overview of the Healthcare Revenue Cycle and Reimbursement Process
- Documentation Standards and Regulatory Compliance in Medical Billing
- Industry Best Practices and Career Opportunities in Medical Coding

Mr. Nikhil Chandra's sessions were highly interactive, blending theoretical instruction with real-time case studies and practical insights drawn from his industry experience. He emphasized the importance of precision, confidentiality, and adherence to healthcare data standards, which are critical for careers in medical coding and billing.

The program witnessed active participation from final-year B.Pharmacy students, who appreciated the relevance and applicability of the training. Many students expressed increased interest in exploring careers in health information management and allied healthcare services.

The initiative was well-received and aligned with the institution's broader goals of preparing students for diverse pharmaceutical and healthcare career paths. The School of Pharmacy, along with TASK,

continues to create such opportunities to bridge the gap between academic learning and industry requirements.

Students attending the Medical Coding & Billing training session for hands-on learning.
