

REPORT ON ALUMNI CONNECT

The School of Pharmacy conducted an Alumni Connect Program on 19 February 2026 featuring Mr. Sourabh Patel, an alumnus of the institution currently working as a Pharmacy Technician at SAVAGES Pharmacy, United Kingdom. During the session, Mr. Patel shared his experiences regarding pharmacy practice in the UK healthcare system. He discussed the roles and responsibilities of pharmacy technicians, patient counseling, medication dispensing practices, regulatory requirements, and professional opportunities available for pharmacy graduates abroad. The resource person also explained the procedures for pursuing higher education and employment in international healthcare sectors. Students actively participated in the discussion and clarified their queries regarding overseas career prospects, professional certifications, and skill development. The session provided students with a global perspective on pharmacy practice and encouraged them to enhance their professional competencies to meet international standards.

Outcome: Students gained awareness of international pharmacy careers, professional requirements, and opportunities for global employment.
