

## **SCHOOL OF PHARMACY**

### **REPORT ON INDUSTRIAL VISIT**

As part of its commitment to experiential learning and industry-academia interface, the School of Pharmacy at Nalla Narasimha Reddy Education Society's Integrated Campus organized an industrial visit to Suven Pharma, a reputed pharmaceutical company located at Pashamylaram, Hyderabad, on 18th August 2025.

The primary objective of the visit was to provide students with practical exposure to real-time pharmaceutical manufacturing processes and industrial practices, thereby enhancing their understanding of theoretical concepts taught in the classroom.

During the visit, students of B. Pharmacy Final Sec B (41) were given a detailed orientation on the company's operations, including its production units, quality control laboratories, packaging sections, and regulatory compliance frameworks. The technical team demonstrated several key aspects of pharmaceutical manufacturing such as:

- Good Manufacturing Practices (GMP)
- Equipment handling and maintenance in Production areas.
- Standard Operating Procedures (SOPs)
- Batch manufacturing processes
- Quality assurance and quality control techniques
- Documentation and regulatory standards

Students also observed the functioning of various departments such as formulation development, analytical research, and quality control. They gained firsthand insight into how theoretical knowledge is applied in a real-world industrial setting.

The visit emphasized the importance of regulatory compliance, environmental considerations, and safety protocols in pharmaceutical manufacturing. Faculty members encouraged students to actively interact with the industry professionals, ask questions, and clarify doubts.

### **Conclusion:**

The industrial visit to Suven Pharma was highly beneficial in bridging the gap between academic learning and practical implementation. It provided students with valuable industry insights and inspired them to pursue professional excellence in their future careers.
