

SCHOOL OF PHARMACY

REPORT ON

FIELD VISIT

On September 30, 2024, a group of 52 students from the B.Pharmacy IV A Section of Nalla Narasimha Reddy Group of Institutions undertook a field visit to the Drug Control Administration (DCA) and Drug Control Laboratory (DCL). They were accompanied by faculty members N. Swapna and A. Suvarna.

The visit provided an enriching experience, offering students valuable insights into the operations of both the DCA and DCL. These regulatory bodies play a crucial role in ensuring the quality and safety of pharmaceutical products. The students had the opportunity to observe the various processes involved in drug testing and regulatory compliance. This exposure helped them understand the rigorous measures in place to maintain public health through stringent quality control.

During the visit, students learned about the procedures followed in drug testing, including quality assurance protocols, analytical techniques, and the role of regulatory authorities in monitoring pharmaceutical products. The officials at the DCA and DCL provided detailed explanations on how medicines undergo scrutiny before reaching consumers, emphasizing the importance of compliance with regulatory standards.

This field trip significantly contributed to the students' academic learning by bridging theoretical knowledge with practical applications. It enhanced their awareness of the regulatory landscape within the pharmaceutical industry, preparing them for future roles in drug quality assurance and regulatory affairs.

Overall, the visit was highly beneficial, reinforcing the importance of regulatory compliance and quality control in the pharmaceutical sector. The students expressed their appreciation for the opportunity to witness firsthand the critical role played by these organizations in maintaining drug safety and efficacy.
