REPORT ON INDUSTRIAL VISIT TO PROGENERICS PHARMA PVT. LTD.

The School of Pharmacy, Nalla Narasimha Reddy Education Society's Group of Institutions (NNRG), Hyderabad, organized an industrial visit to **Progenerics Pharma Pvt. Ltd., Pashamylaram, Hyderabad**, for the students of IV Year B. Pharmacy – Section A on **1st October 2026**. The visit was arranged to provide students with practical exposure to pharmaceutical manufacturing operations, quality control procedures, and quality management systems followed in the pharmaceutical industry.

Accompanying Faculty

The students were accompanied by:

- Mrs. T. Vijaya.

Number of students attended

- B.Pharmacy IV Year Sec A - 52

Objectives of the Visit

The objectives of the industrial visit were:

- To provide practical exposure to pharmaceutical manufacturing processes.
- To understand the functioning of various departments in a pharmaceutical industry.
- To bridge the gap between theoretical knowledge and industrial practices.
- To familiarize students with Good Manufacturing Practices (GMP) and quality systems.
- To create awareness about career opportunities in the pharmaceutical industry.

Visit Proceedings

The students were welcomed by the company representatives and provided with an overview of Progenerics Pharma Pvt. Ltd., its pharmaceutical operations, manufacturing facilities, and quality

standards. During the visit, students gained insights into the activities of various departments involved in pharmaceutical manufacturing.

1. Production Department

Students learned about the different stages involved in pharmaceutical manufacturing, production planning, process control, equipment operation, and adherence to Good Manufacturing Practices (GMP). The importance of maintaining proper manufacturing conditions and following standard operating procedures was explained.

2. Quality Control (QC) Department

The students were introduced to the role of the Quality Control Department in ensuring the quality of pharmaceutical products. They learned about the testing of raw materials, in-process samples, and finished products, along with the importance of analytical instruments and established testing procedures.

3. Quality Assurance (QA) Department

Students gained knowledge of quality assurance practices, including documentation, standard operating procedures (SOPs), validation, quality management systems, and regulatory compliance. The importance of maintaining accurate records and ensuring consistent product quality was emphasized.

4. Warehouse Department

The warehouse activities, including material receipt, storage, dispensing, inventory management, and distribution, were explained. Students understood the importance of proper storage conditions, material identification, and traceability in maintaining pharmaceutical product quality.

The industry representatives also highlighted the significance of regulatory compliance, workplace safety, hygiene, and quality management in pharmaceutical manufacturing.

Learning Outcomes

The industrial visit enabled students to:

- Understand pharmaceutical manufacturing operations and industrial practices.
- Gain knowledge of Production, Quality Control, Quality Assurance, and Warehouse activities.

- Understand the importance of GMP, documentation, validation, and regulatory compliance.
- Recognize the role of quality systems in ensuring the safety and quality of pharmaceutical products.
- Identify career opportunities in pharmaceutical manufacturing, quality assurance, and quality control.

Conclusion

The industrial visit to **Progenerics Pharma Pvt. Ltd., Pashamylaram, Hyderabad**, provided valuable industrial exposure to IV Year B.Pharmacy – Section A students. The visit helped students relate their theoretical knowledge to practical pharmaceutical industry operations and enhanced their understanding of manufacturing processes, quality systems, and regulatory requirements.

The School of Pharmacy, NNRG, expresses its sincere gratitude to the management and staff of Progenerics Pharma Pvt. Ltd. for facilitating the visit and sharing their valuable knowledge and expertise with the students.
