# STUDENT SKILL DEVELOPMENT PROGRAMME (SSDP)
# REPORT ON PHARMACOVIGILANCE TRAINING

| | |
|---|---|
| **Programme** | Student Skill Development Programme (SSDP) |
| **Topic** | Pharmacovigilance – "Ensures Safe Medicines for a Healthier Tomorrow" |
| **Dates** | 07 September 2026 to 09 September 2026 |
| **Organized by** | School of Pharmacy (SOP), Training and Placement Cell (TPC), in association with TASK |
| **Resource Persons / Trainers** | 1. Mr. CC Mujeebuddin<br>2. Ms. Uma Priya |
| **Participants** | B.Pharm IV Year students |
| **Coordinators** | Dr. S. Raja Shekhar, and T. Akhila, Training and Placement Coordinators. |

The School of Pharmacy, Nalla Narasimha Reddy Education Society's Group of Institutions, organized a three-day Student Skill Development Programme (SSDP) on Pharmacovigilance from 07.09.2026 to 09.09.2026 in association with the Telangana Academy for Skill and Knowledge (TASK). The programme was conducted for B.Pharm IV Year students under the theme "Ensures Safe Medicines for a Healthier Tomorrow." The training aimed to strengthen students' understanding of medicine safety and the important role of pharmacovigilance in protecting public health.

**Objectives of the Programme**

- To introduce students to the principles, scope and significance of pharmacovigilance.
- To explain the importance of monitoring, identifying, assessing and preventing adverse drug reactions (ADRs).
- To create awareness about medicine safety throughout the drug life cycle and the role of healthcare professionals in reporting suspected ADRs.
- To familiarize students with the importance of accurate documentation, signal detection and risk communication.
- To enhance students' industry-oriented knowledge and professional skills in drug safety and pharmacovigilance.

**Programme Proceedings and Training Coverage**

The sessions were handled by the trainers, Mr. CC Mujeebuddin and Ms. Uma Priya, who introduced the students to the fundamentals and practical relevance of pharmacovigilance. The trainers highlighted the need for continuous monitoring of medicines after marketing and explained how suspected adverse drug

reactions are identified, documented and reported. The discussions emphasized that pharmacovigilance contributes to the safe and rational use of medicines and supports the overall quality of patient care.

The programme also focused on the responsibilities of pharmaceutical professionals in ensuring medicine safety, the importance of timely and complete ADR reporting, and the value of pharmacovigilance in identifying potential safety concerns. Through the training, students were encouraged to develop a safety-oriented approach and understand how pharmacovigilance knowledge can be applied in pharmaceutical industries, hospitals, clinical research and other healthcare settings.

**Day-wise Student Attendance**

| Date | Programme | No. of Students attended |
|---|---|---|
| 07.09.2026 | Pharmacovigilance SSDP | 86 |
| 08.09.2026 | Pharmacovigilance SSDP | 92 |
| 09.09.2026 | Pharmacovigilance SSDP | 89 |

**Outcome of the Programme**

- Students gained an understanding of the purpose and importance of pharmacovigilance in ensuring patient safety.
- The training improved awareness of adverse drug reactions and the need for systematic reporting and documentation.
- Students developed insight into the contribution of pharmacovigilance to safe medicine use and public health.
- The programme provided exposure to an important pharmaceutical career area and helped connect academic learning with industry expectations.

**Acknowledgement**

The School of Pharmacy expresses its sincere gratitude to TASK for its association and support in conducting the programme. The institution appreciates the trainers, Mr. CC Mujeebuddin and Ms. Uma Priya, for delivering the sessions and sharing their knowledge with the students. The programme was coordinated by Dr. S. Raja Shekhar, Training and Placement Coordinator, SOP and T. Akhila, whose efforts contributed to the smooth conduct of the training. The participation and cooperation of the B.Pharm IV Year students are also gratefully acknowledged.
