

SCHOOL OF PHARMACY

GUEST LECTURES

MSME and Innovation Idea Seminar – The event was jointly organised by the School of Pharmacy and Engineering to encourage interdisciplinary learning and promote innovative thinking among students. The seminar successfully achieved its goal of fostering collaboration and inspiring innovation among B. Pharmacy students. Faculty, staff, and 90 female first-year B. Pharmacy students participated in the program on 20th July 2023.

SKILL DEVELOPMENT PROGRAMS

On 17th August 2023, TASK conducted a skill development program titled "21st Century Transforming Skills" at the NNRG SOP seminar hall. Targeting 90 final-year students, the program featured Mr. D. Raghu as the trainer. The participants engaged in interactive sessions and workshops focused on building essential future-ready skills. Mr. Raghu's expertise and dynamic delivery were well-received, with students finding the program informative and inspiring. Overall, the event was highly successful, offering valuable learning experiences and empowering students to enhance their skill

sets for future careers.

AWARENESS PROGRAMS

On 30th August 2023, an awareness program on voter enrollment was held at NNRG for final-year students, with 90 participants in attendance. Organised by government officers, the program aimed to educate students about the importance of voter registration and participation in the electoral process. The officers provided detailed information on the voter enrollment process, eligibility requirements, and the critical role of voting in a democratic society. They also addressed common misconceptions and answered students' questions. The program was well-received, with many students expressing a strong interest in registering as voters and encouraging their peers to do the same.

Overall, the voter enrollment awareness program successfully informed and engaged the students, fostering a more informed and active citizenry.

On 21st August 2023, celebrating World Entrepreneur Day, an event was held at the NNRG SOP seminar hall to promote entrepreneurship among students. The event was convened by Dr. Janardhana Raju, Head of the Institution's Innovation and Incubation Center (IIC), who delivered an insightful session on the fundamentals of entrepreneurship, emphasising the significance of innovation, risk-taking, and resilience in the entrepreneurial journey. Dr. Krishna Mohan Chinnala, Dean of the School of Pharmacy, also shared valuable insights on Pharma entrepreneurship, discussing various ideas and opportunities within the field. The session aimed to raise awareness among final-year B. Pharmacy students about the potential for entrepreneurship in the pharmaceutical industry. The event was well-received, with students displaying great enthusiasm and interest in exploring entrepreneurial ventures. It was an

excellent opportunity to inspire and empower the institution's future entrepreneurs.

The seminar "Chandrayaan Launch: Inspiring the Next Generation of Space Explorers" was held at the NNRG School of Pharmacy's Seminar Hall on 14th July 2023. It aimed to raise awareness among second-year students about India's recent space mission, conducted by the Indian Space Research Organization (ISRO). The seminar focused on the significance of the Chandrayaan launch and its impact on future space exploration efforts.

The presentation began with introducing the Chandrayaan mission, covering its objectives, technological innovations, and scientific importance. It highlighted India's growing influence in space exploration and ISRO's critical role in fulfilling the nation's space ambitions.

Overall, the seminar successfully inspired students to pursue scientific discovery and exploration, encouraging them to contribute to India's space aspirations.

FIELD TRIP

On 22.07.2023 NNRG B. Pharmacy I year students B. Usharani, M. Priyanka, Sasa Sonobar, V. Sangeetha, R. Sravani, and K. Manisha, along with faculty member A. Suvarna, attended the Y20 Summit at Kanha Shanthivanam in Hyderabad. The summit, which focused on youth leadership and global issues, provided a platform for young leaders to discuss and propose solutions to pressing global challenges.

During the summit, the students participated in various sessions and workshops, where they had the opportunity to interact with other young leaders and experts from different fields. They actively discussed sustainable development, youth empowerment, and digital innovation.

The students also had the chance to present their ideas and initiatives to address global issues. Their participation was highly appreciated, and they received valuable feedback and insights from the panellists and fellow participants.

Overall, the Y20 Summit was a valuable learning experience for the students, providing them with the opportunity to broaden their horizons, develop their leadership skills, and make meaningful connections with like-minded individuals from around the world

A National Level Conference Organized by Ramakrishna Matt, Hyderabad on the “Role of Ramakrishna Mission in Healthcare Services in Rising New India” on 01.07.2023 from 10:00 AM to 4:00, the conference, which focused on the significant role of the Ramakrishna Mission in healthcare services and its impact on the development of New India. Md. Majid, an Assistant Professor from the B.Pharmacy II Year, actively participated in the event, contributing to discussions and gaining insights into innovative healthcare practices.

STUDENT ACHIEVEMENT

On 15th August 2023, the campus of NNRG was abuzz with patriotic fervor as students and faculty came together to celebrate India's Independence Day. The event featured various performances, including speeches and patriotic songs, by students of B.Pharmacy. T. Megana, Sai Sri, Usha, and Mehana were among the participants who showcased their talents and honored the spirit of freedom.

The highlight of the event was when these students were appreciated and awarded certificates for their enthusiastic participation by Mr. N. Prashanth, Vice Chairman, Dr. C. V. Krishna Reddy, Director of NNRG, and the Deans of the institution. Their performances not only entertained but also inspired everyone present, reminding them of the importance of independence and unity.

The event was a memorable one, bringing the NNRG community together to celebrate India's rich cultural heritage and the values of freedom and unity.

The results for the GPAT 2023 examination were published on 2nd July 2023. Among the students who appeared for the exam, the following individuals achieved notable scores:

Sameera Begum (Roll No. 187Z1R0029) - Score: 15

Ch. Rajitha (Roll No. 197Z1R0003) - Score: 518

Nithya Srivastava (Roll No. 197Z1R0027) - Score: 2818

On 24.07.2023, the National Institute of Pharmaceutical Education and Research (NIPER) announced the results for the year 2023. Among the candidates who appeared for the examination, the following individuals achieved notable rankings:

Sameera Begum - Roll No. 09111887, Score: 19

Nithya Srivastava - Roll No. 2309111936, Score: 889

Chakali Rajitha - Roll No. 2309112172, Score: 3526

On 01.07. 2023, the final year students of B. Pharmacy Final Years underwent their external project viva voce examination. Dr. Sunitha Reddy, Professor JNTUH, conducted the viva voce for the 51 projects presented by the students. The viva voce session provided a platform for the students to present their projects, explain their methodologies, and defend their findings. Dr Sunitha Reddy's insightful questioning and feedback helped evaluate the students' understanding and application of their project topics. The viva voce marks an important milestone in the academic journey of the students, highlighting their research and presentation skills. It also serves as a valuable learning experience, preparing them for future endeavours in their respective fields.

On 16.07.2023, Students from NNRG B.Pharmacy II year, including K. Nithyaraj, R. Neha, R. Sai Nikshitha, and R. Harshitha, participated in the TITA Bonala Jathara event at T-Hub 2.0, Knowledge City. The event featured various activities and discussions on technology, innovation, and entrepreneurship.

The students had the opportunity to interact with industry experts, entrepreneurs, and fellow students, gaining valuable insights into the latest trends and developments in the tech industry. They also showcased their projects and ideas, receiving feedback and recognition for their efforts.

Overall, the event was a great learning experience for the students, inspiring them to explore new opportunities and pursue their entrepreneurial dreams.
