

SCHOOL OF PHARMACY

AWARENESS PROGRAM

The School of Pharmacy, NNRG, in association with the NSS Unit, organized an awareness program on the occasion of World Hepatitis Day on 28th July 2025. The session was conducted by Ms. T. Akhila, Assistant Professor, Department of Pharmacology, served as the Resource Person. She delivered an insightful talk on the theme “*Awareness, Prevention, Diagnosis, and Treatment of Hepatitis*”, highlighting the global health burden of the disease and the importance of early detection and preventive measures. The program witnessed active participation from pharmacy students, who engaged attentively in the interactive session.

The event successfully created awareness among students of final year 90 students about the causes, risk factors, and available therapeutic strategies for hepatitis, thereby contributing to public health education.

Hyderabad, Telangana, India
Pharmacy Students Engaged in World Hepatitis Day Awareness Drive

The School of Pharmacy, NNRG, organized a guest lecture on 18th July 2025 at the Seminar Hall, delivered by Prof. Krishna Mohan Chinnala, Dean, School of Pharmacy.

The lecture, titled “*Safety First: Insights from Clinical Pharmacists*”, focused on the vital role of clinical pharmacists in ensuring patient safety, optimising therapeutic outcomes, and preventing medication errors. Prof. Chinnala emphasized the importance of evidence-based practices and the need for future pharmacists to adopt a patient-centric approach.

The session was highly interactive, with students actively engaging in discussions and gaining valuable insights into the practical aspects of pharmacy practice.

Awareness Session on Clinical Pharmacist Roles in Patient Safety

CAREER GUIDANCE

A Career Guidance Program on GPAT & NIPER was organised for the IV B.Pharmacy students on 23rd July 2025 in the Mini Seminar Hall, with the participation of 86 students. The session was delivered by Dr. Neeradi Dinesh, Managing Director, Neeradi Biosciences Pvt. Ltd. (Dr. Dinesh's Pharma), Hyderabad, who provided valuable insights into the preparation strategies, career opportunities, and higher education prospects through GPAT and NIPER. The program motivated the students to plan their future career paths effectively and was highly interactive and beneficial.

Career Guidance Program on GPAT & NIPER for Final-Year B.Pharmacy Students

EXPERT TALK

A session on "Strategic Decision-Making and Knowledge Integration: Cultivating Intellectual Excellence" was conducted on 26th August 2025 (Tuesday) for the III Year B.Pharmacy students. The resource person, Dr. Neeradi Dinesh, Managing Director, Neeradi Biosciences Pvt. Ltd. (Dr. Dinesh's Pharma), Hyderabad, addressed the students and shared his expertise on enhancing decision-making abilities, integrating knowledge across domains, and developing intellectual skills essential for future pharmaceutical professionals. The session was insightful, interactive, and greatly motivated the students to pursue excellence in academics and career.

Strategic Decision-Making and Knowledge Integration Session for B.Pharmacy III Year Students

AWARENESS PROGRAM

On 13th August 2023 (Forenoon), the Department of Civil Engineering organized an Industry Institute Interaction Cell (IIIC) program at the Auditorium, 3rd Floor, where Dr. B. Umamaheswar Rao, Senior Scientist, Ground Water Department, delivered a session on “*Issues, Problems and Solutions of Ground Water Management.*” A total of 39 students from B. Pharmacy III Year – I Semester, Section B participated in the program, which focused on challenges and sustainable practices in ground water management. The resource person shared valuable insights through real-world case studies and innovative solutions, enabling students to actively engage in the discussion and gain practical knowledge to bridge the gap between academic learning and industry practices.

III-I B Students Attending IIIC Program on Ground Water Management

EXTRACURICULAR

As part of the 79th Independence Day Celebrations held on 15th August 2025 at Nalla Narasimha Reddy Education Society's Group of Institutions (Autonomous), Dr. C.R.C. Krishna Reddy, Director, addressed the gathering and highlighted the significance of the day. In his speech, he emphasized the sacrifices of freedom fighters, the importance of patriotism, and the responsibility of students in nation-building. The program also paid tribute to national leaders with floral offerings, creating a spirit of unity and respect among the participants.

Independence Day 2025 Celebration at Nalla Narasimha Reddy Education Society

FIELD VISIT/ INDUSTRIAL VISIT

The Final Year B.Pharmacy B Section students (46 members) visited the Drug Control Laboratory (DCL) and Drug Control Administration (DCA) as part of their academic curriculum on 26.08.2025. The visit was organized under the guidance of Ms. M. Swapna, Assistant Professor, who accompanied the students. During the visit, the students gained practical insights into the regulatory framework, quality control procedures, and analytical techniques followed to ensure the safety, efficacy, and quality of drugs. This field exposure provided them with valuable knowledge about the functioning of regulatory authorities and their role in public health.

Dr.Ashwin kumar sir (Drug Inspector) giving awareness about the drug inspector post

The Final Year B. Pharmacy A Section students 48 members undertook an educational visit to the Drug Control Laboratory (DCL) and Drug Control Administration (DCA) on 25th August 2025. Accompanied by T.Vijaya, Asst.Prof., the students observed the regulatory processes, analytical methods, and quality assurance measures carried out to ensure drug safety and efficacy. The visit provided valuable practical exposure to the functioning of drug regulatory bodies and enhanced the students' understanding of pharmaceutical regulation and public health responsibilities.

Awareness Session by Drug Inspector at DCA, Hyderabad

As part of its commitment to experiential learning, the School of Pharmacy, Nalla Narasimha Reddy Education Society's Integrated Campus, organized an industrial visit to Suven Pharma, Pashamylaram, Hyderabad, on 18th August 2025 for 41 students of B. Pharmacy Final Year, Section B. The visit provided practical exposure to real-time pharmaceutical manufacturing processes, including GMP practices, SOPs, batch production, quality assurance, and regulatory compliance. Students also observed formulation development, analytical research, and packaging operations, gaining valuable insights into the application of classroom knowledge in an industrial setting. The program successfully bridged the gap between academics and industry, inspiring students to strive for professional excellence.

Industrial Visit to Suven Pharmaceuticals by Pharmacy Students

The School of Pharmacy, Nalla Narasimha Reddy Education Society's Integrated Campus, organized an industrial visit to Optimus Pharma, EPIP Pashamylaram, Sangareddy, on 18th August 2025 for 50 final year B. Pharmacy Section A students to provide practical exposure to large-scale pharmaceutical manufacturing. Students received an orientation and toured various divisions, including warehouse and raw material handling, production (tablets, capsules, ointments, gels), quality control laboratories, and packaging and labeling units. Technical experts emphasized Good Manufacturing Practices (GMP), Standard Operating Procedures (SOPs), quality assurance, and regulatory compliance, giving students valuable insights into pharmaceutical workflows from raw material to finished product. The visit effectively bridged classroom concepts with industry practices, enhancing students' preparedness for professional careers.

Industrial Visit to Optimus Pharma by B.Pharm Final Year Students

On 12th August 2025, the final-year B. Pharmacy students of the School of Pharmacy, Nalla Narasimha Reddy Education Society's Group of Institutions, undertook a field visit to the Telangana State Forest Academy, Dulapally, as part of their academic enrichment activities. A total of 90 students, accompanied by Mr. S. Rajashekar and Mr. S. Satish, Assistant Professors, participated in the program, which provided practical exposure to medicinal and aromatic plants, their cultivation, propagation, harvesting techniques, and pharmacological significance. Students also gained insights into biodiversity conservation, integration of traditional herbal knowledge with modern pharmaceutical research, and interacted with forestry experts to better understand sustainable medicinal plant management. The visit successfully bridged classroom pharmacognosy concepts with real-world applications, enhancing students' knowledge and professional preparedness.
