

## SCHOOL OF PHARMACY

### AWARENESS PROGRAMS

On 15.09.2023, NNRG School of Pharmacy hosted a guest lecture on higher education, featuring Ivy Director N.Srinivas Rao, and Business Development Associates P.Manohar and K. Vardharajan. The session explored key topics such as STEM and non-STEM education, the importance of campus-based practical training, and the role of technology in modern education. The speakers emphasized the need for a balanced approach between STEM and non-STEM fields, practical training for real-world readiness, and the transformative impact of technology on teaching and curriculum development. They also shared global perspectives on higher education trends and the skills needed for success in a changing job market. The event concluded with an engaging Q&A session, where students and faculty received valuable career insights. NNRG SOP extends its gratitude to the speakers for their contributions, which enriched the academic community's understanding of global education opportunities.

## **PHARMACOVIGILANCE-WEEK**

The School of Pharmacy, NNRG, celebrated the *3rd National Pharmacovigilance Week* from 17.09.2023 to 21.09.2023 with the theme "*Boosting Public Confidence in Pharmacovigilance.*" Dr. Krishna Mohan Chinnala, Dean School of Pharmacy, was the keynote speaker, addressing the significance of pharmacovigilance in ensuring drug safety and enhancing public trust. B. Pharm final-year students actively participated in the event, contributing to discussions on improving pharmacovigilance practices and raising awareness about its critical role in healthcare. The event fostered greater understanding among students and the public about drug safety monitoring.

## **GUEST LECTURE**

On October 10, 2023, the School of Pharmacy at NNRG organized a dual lecture session for B. Pharmacy students, focusing on two essential areas of their development. Dr. Sree Giri Prasad, Head of Pharmaceutics, delivered an insightful presentation on Current Good Manufacturing Practices (cGMP), highlighting its importance in ensuring the quality, safety, and efficacy of pharmaceutical products. He discussed cGMP principles, their role in maintaining product standards, and the impact of non-compliance on the industry. Following this, Dr. Krishna Mohan Chinnala, Dean of the School of Pharmacy, addressed the significance of mental health, offering guidance on managing stress, identifying coping mechanisms, and maintaining a healthy work-life balance. This dual session combined pharmaceutical expertise with mental health awareness, providing students with a well-rounded approach to both their academic and personal growth.

## NATIONAL cGMP DAY 2023

Theme: Ensuring Quality and Safety of Medicinal Products

**NALLA NARASIMHA REDDY**  
Education Society's Group of Institutions - Integrated Campus  
(UGC AUTONOMOUS INSTITUTION)

On 12.10.2023, the School of Pharmacy at NNRG observed *World Arthritis Day*, focusing on raising awareness about arthritis and its impact on daily life. The keynote speaker, Dr. Krishna Mohan Chinnala, Dean of the School of Pharmacy, delivered an insightful talk on the various types of arthritis, their causes, and the importance of early diagnosis and treatment. He emphasized the role of pharmacists in managing arthritis symptoms through medication and lifestyle changes. The event aimed to educate students on the challenges faced by arthritis patients and the need for better healthcare support.

## WORLD PHARMACIST DAY-2023

On September 25, 2023, NNRG School of Pharmacy celebrated World Pharmacist Day with a 5 km awareness rally from Narapally to NNRG, highlighting the crucial role of pharmacists in healthcare. Faculty, students, and the dean participated, carrying banners promoting pharmacy's impact on patient care and public health. In the afternoon, distinguished guests, including Dr. N. Dinesh (pharmaceutical scientist), Ms. Indra Priyadarshini (drug inspector), Ms. A. Sravani (exercise officer), and Ms. V. Priyadarshini (hospital pharmacist), shared valuable insights from their fields. The event concluded with a felicitation ceremony honoring the speakers for their contributions to the pharmacy profession.

## ORIENTATION PROGRAM

The 15th orientation program at NNRG School of Pharmacy welcomed newly admitted B. Pharmacy first-year students and their parents. The event introduced students to the regulations of Pharmacy education, the NNRG campus, and the significance of the Pharmacy profession. Dr. Krishna Mohan Chinnala, Dean of the School of Pharmacy, highlighted the importance of professional ethics and academic opportunities. Dr. C.V. Krishna Reddy, Director of NNRG, showcased the campus facilities, while Mrs. Dr. Padmaja Manepalli, Director of Suraksha Group of Companies, emphasized the growing opportunities in the Pharmacy field both in India and abroad. The program inspired students to excel in their academic and professional journeys.

## FIELD VISIT

On September 26, 2023, IV-year students visited the Indian Institute of Chemical Technology (IICT) and the Centre for Cellular and Molecular Biology (CCMB) to gain insights into research methodologies and advanced instruments used by scientists. At IICT, students explored research areas like organic synthesis and drug discovery, and observed instruments like spectrophotometers and NMR spectrometers. At CCMB, during an open-day event, they learned about DNA sequencing, gene editing, and cell culture techniques. The visit provided valuable exposure to research practices and interdisciplinary collaboration, inspiring students' interest in scientific careers.

As part of the Practice School curriculum, NNRG School of Pharmacy organized a field visit to the Telangana State Forest Academy on 06.09.2023. The visit aimed to expose students to medicinal plants and their properties. The day began with a medicinal plants trek, where students, guided by forest experts, identified various species and learned about their medicinal uses. This was followed by a lecture from forest officers on conservation efforts, sustainable harvesting, and the role of medicinal plants in traditional healthcare. The visit provided valuable insights into biodiversity conservation and the practical uses of medicinal plants.

## **FACULTY ACHIEVEMENT**

### **NPTEL Courses:**

- ✓ A. Sahithi has successfully completed her Accreditation and Outcome Based Learning NPTEL course of 8 WEEKS by IIT Madras from Aug-Oct 2023.
- ✓ N. Sruthi has successfully completed her Accreditation and Outcome Based Learning NPTEL course of 8 WEEKS by IIT Madras from Aug-Oct 2023.
- ✓ A. Chaitanya has successfully completed her Accreditation and Outcome Based Learning NPTEL course of 8 WEEKS by IIT Madras from Aug-Oct 2023.

- ✓ B. Krishna has successfully completed his Accreditation and Outcome Based Learning NPTEL course of 8 WEEKS by IIT Madras from Aug-Oct 2023.
- ✓ Dr. B. Madhavi Latha has successfully completed her Accreditation and Outcome Based Learning NPTEL course of 8 WEEKS by IIT Madras from Aug-Oct 2023.
- ✓ A. Suvarna has successfully completed her Neuroscience of Human movements NPTEL course of 12 WEEKS by IIT Kharagpur from Jul-Oct 2023.

**Patents:**

- ✓ Dr. Krishna Mohan Chinnala, Dr.B.Madhavi Latha, A.Sahithi,N.sruthi,A.Chaitanya published a patent titled “ Diastereo Selective Synthesis of 2,4-Disubstituted Tetrahydropyranethers and 2,6-Dioxabicyclo[3.2.1]Octanes Via Prins-Type Cyclization Catalyzed By Bistriflimide” with an application No. 202341049152 on 01.09.2024.

**Journals:**

- ✓ Dr. B. Sree Giri Prasad published a paper titled “ Hysteresis Resonance and Multi-Pinched Hysteresis Loops in Cu/Cu:ZnO/Cu Resistive Switching Devices” in IETE Journal of Research with ISSN No. 0974-780X on 26.10.2023

**Faculty Development Programs:**

- ✓ B. Krishna attended a Faculty Development Program on Innovative Approaches in Drug Discovery, AI Technologies conducted by Anurag University,Ghatkesar from 11.09.2023 to 13.09.2023
- ✓ N.Swapna attended a Faculty Development Program on Innovative Approaches in Drug Discovery, AI Technologies conducted by Anurag University,Ghatkesar from 11.09.2023 to 13.09.2023
- ✓ A.Chaitanya attended a Faculty Development Program on Innovative Approaches in Drug Discovery, AI Technologies conducted by Anurag University,Ghatkesar from 11.09.2023 to 13.09.2023
- ✓ N.Sruthi attended a Faculty Development Program on Innovative Approaches in Drug Discovery, AI Technologies conducted by Anurag University,Ghatkesar from 11.09.2023 to 13.09.2023
- ✓ A.Sahithi attended a Faculty Development Program on Innovative Approaches in Drug Discovery, AI Technologies conducted by Anurag University,Ghatkesar from 11.09.2023 to 13.09.2023
- ✓ B.Parijatha attended a Faculty Development Program on Innovative Approaches in Drug Discovery, AI Technologies conducted by Anurag University,Ghatkesar from 11.09.2023 to 13.09.2023
- ✓ Dr.B.Madhavi Latha attended a Faculty Development Program on Innovative Approaches in Drug Discovery, AI Technologies conducted by Anurag University,Ghatkesar from 11.09.2023 to 13.09.2023.

**Conferences:**

- ✓ Dr.Krishna Mohan Chinnala attended APTI Conference APTICON- 2023 Organised by PSIT, Kanpur from 02.09.2023 to 03.09.2023.
