

DEPARTMENT OF CIVIL ENGINEERING

18/07/2020

**A report on National Level Webinar on
 Environmental Audit**

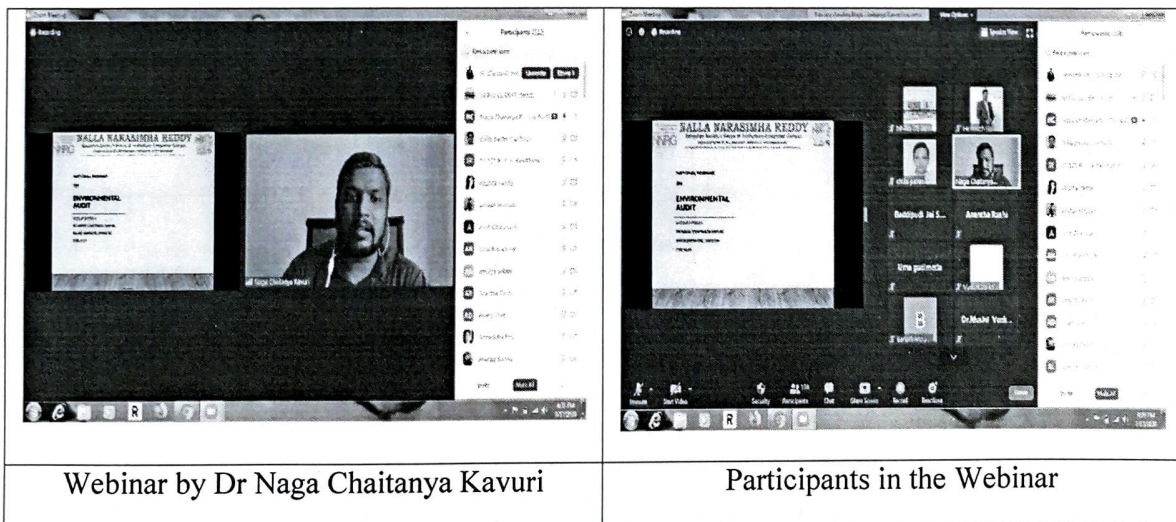

The Department of Civil Engineering has conducted a National Level Webinar on “Environmental Audit” by Dr. Naga Chaitanya Kavuri, Environmental Engineering Division, Civil Engg Dept., KL University on 17/07/2020.

The HoD – CE Dept, NNRG has introduced about the speaker and thanked him for his time spending for sharing the knowledge through this webinar. The speaker has vast knowledge in environmental engineering which is a branch of civil engineering. Apart from the regular knowledge, the speaker has enlightened on the environmental audit.

The speaker has told that, an environmental audit is a type of evaluation intended to identify environmental compliance and management system implementation gaps, along with related corrective actions. In this way they perform a similar function to financial audits.

The speaker has outlined that, the knowledge on environmental audit plays a major role in environmental engineering and asked the civil engineering students to learn and explore more about environmental engineering which has more research scope.

At last, the HoD thanked the speaker and thanked him for his valuable lecture.
