REPORT OF VALUE ADDED COURSE

Objective

To provide students with practical exposure and advanced technical knowledge through Value Added Courses in emerging technologies and research-oriented areas.

Outcome

Students gained knowledge in Cisco Packet Tracer Computer Networks. The course improved their technical skills, analytical thinking, practical implementation abilities, and awareness of current industry technologies.

The Department of Data Science organized a series of Value-Added Courses for IIIrd DS students from 16-09-2026 to 21-09-2026. The programs were conducted successfully with active participation from students and faculty members. These courses were designed to bridge the gap between academic learning and industry requirements by focusing on practical applications and skill enhancement.

The following Value-Added Courses were conducted:

S. No.	Course Title	Faculty Coordinator	Date	Time	Venue
1	Cisco Packet Tracer Computer Network	Mrs G. Sri Ramya	16-09-2026 to 21-09-2026	2:00 PM – 4:00 PM	DS Seminar Hall

Dr C. V. Krishna Reddy, Director, NNRSEGI, motivated the students by explaining the importance of Value-Added Courses in improving employability skills and technical competency. He encouraged students to actively participate in such programs to strengthen their practical knowledge and industry readiness.

Prof. V. Indrani, Head of the Department of Data Science, addressed the students and highlighted the importance of emerging technologies and continuous learning. She encouraged students to actively participate in the sessions and make effective use of the learning opportunities provided through these courses.

Course-wise Details

CISCO PACKET TRACER – COMPUTER NETWORKS

Faculty member Mrs G. Sri Ramya conducted Cisco Packet Tracer Computer Network Simulation and Configuration, covering basic networking concepts, network topologies, network devices, IP addressing, and network configuration. Students gained practical exposure to network simulation, device connectivity, and the implementation of computer network concepts.

The sessions were highly interactive and student-centred. Faculty members clarified doubts, conducted practical demonstrations, and encouraged students to participate actively in discussions and activities. The students showed great interest and enthusiasm throughout the courses.

Conclusion

Overall, the Value-Added Courses were highly beneficial in enhancing students' technical knowledge, research skills, communication abilities, and confidence. The programs successfully created awareness about modern technologies and prepared students for future academic and career opportunities.

FEEDBACK ON VALUE ADDED COURSE

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)
5= excellent

2) Which topics or aspects of the Seminar did you find most interesting or useful?
In the total seminar I understand what the differna blw switch & hub and it is the most interesting thing.

3) Did the Seminar achieve the programme objectives? Yes No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations	Yes	No	Somehow	
Will be useful/applicable in my work	Definitely	Mostly	Somehow	Not at all

FEEDBACK ON VALUE ADDED COURSE

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent) 5

2) Which topics or aspects of the Seminar did you find most interesting or useful?

the most interesting topic is Topologies, switch, hub.

3) Did the Seminar achieve the programme objectives? Yes ✓ No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations	Yes	No	Somehow	
Will be useful/applicable in my work	Definitely	Mostly	Somehow	Not at all
