Report on Elite Gathering

24-01-2024

(2023-2024)

The vibrant atmosphere of the second Elite Gathering buzzed with the energy of eager students from the Schools of Engineering, Pharmacy, and Management. Held on January 24th, 2024, for the academic year 23-24, it marked the exciting inclusion of third and fourth-year students, fostering a diverse exchange of perspectives. The event graced the presence of the esteemed Director, Deans of SOE, SOP, SOM, and all Department Heads, solidifying its significance.

Dr. Sirisha, the Gathering's coordinator, captivated the audience with her insightful address. Highlighting the critical role of communication skills in today's interconnected world, she passionately encouraged students to leverage the "Elite Gathering" public speaking club. The announcement of fortnightly gatherings sparked further enthusiasm, promising a consistent platform for honing presentation and communication skills.

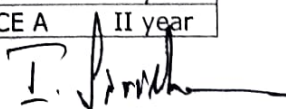

Adding another layer of inspiration, Dr. Ch Krishna Mohan, Dean of Pharmacy, shared valuable insights into the dedicated work culture and unwavering commitment of ISRO. His talk ignited imaginations and broadened horizons, offering a glimpse into the world of cutting-edge scientific research and its potential impact on shaping future careers.

Overall, the second Elite Gathering stands as a testament to its vision – empowering students with essential skills and fostering a dynamic space for intellectual exchange. As anticipation builds for future gatherings, one thing is certain: the Elite Gathering promises to be a cornerstone of student development, igniting minds and shaping tomorrow's leaders.
