

Guest Lecture by Mr Mushtaq Mohammed on 23-08-2024

On 23-08-2024, as part of the induction program for the first-year students of the 2024-25 batch, a guest lecture was delivered by Mr. Mushtaq Mohammed, a motivational trainer, in the 3rd Floor Seminar Hall. The topic of the lecture was "The Bulletproof Engineer," which was informative and encouraging for the first-year students who had just started their professional education. Mr. Mushtaq discussed the skills required to be successful engineers and all the first-year students attended the program. They also participated in the interactive session, overcoming their inhibitions and stage fear due to the motivating message they received.
