## Induction Programme

### Guest Lecture by Prof M L Saikumar on 22-08-2024

Professor M L Saikumar last served as the Dean (Academics) for 3 years at the Institute of Public Enterprise. Prior to that, he served as the PG Program Director for 7 years. With four decades of experience, he was a Professor of Computer Science. On **22-08-2024**, he conducted a session on "Expectations from Budding Engineers." Professor Saikumar took early retirement to pursue his personal goal of inspiring students and young faculty, igniting their minds, and involving them in career building. He was recognized as the Best Trainer by the Dept. of Personnel and Training, Government of India. In his address on Career development, he emphasized that it is a lifelong process involving managing learning, work, leisure, and transitions to move towards a personally determined and evolving preferred future. Professor Saikumar has guided students on how to build the right path for their better future.
