Industry Institute Interaction (IIIC) and Institution's Innovation Council (IIC)

Report on “**BIRLA INSTITUTE OF TECHNOLOGY & SCIENCE (BITS) Visit**”,
Hyderabad Campus, Jawahar Nagar, Kapra Mandal, Medchal District, Telangana - 500078

As a part of **Industry Institute Interaction (IIIC) and Institution's Innovation Council (IIC)** of Nalla Narasimha Reddy Education Society's of Group of Institutions, Hyderabad, Dean-SoE & Convener-IIC Dr G. Janardhana Raju, HoD-CSE Dr K Rameswaraiah, and Dr G Subba Rao, Sr Professor, Civil Engg. Department visited, a premier institute viz., **Birla Institute of Technology & Science (BITS)**”, Hyderabad Campus, Jawahar Nagar, Kapra Mandal, Medchal District on 06-07-2023.

The above NNRG team members arrived BITS at 11.00 am, and were received by Prof N Suresh Kumar Reddy, HoD-ME and Associate Professor Dr G V Partha Sarathy. We assembled in Meeting Hall alongwith Dr G V Partha Sarathy who is looking after IIIC activities. Dr Partha Sarathy has given a brief introduction about BITS infrastructure, facilities, working space for students Technology Business Incubator centre etc and found it was a very good interactive session.

Interactive session with Dr G V Partha Sarathy Associate Professor in BITS

Dr Partha Sarathy mentioned that the motto is to promote and depute the engineering students to the industries with a period of 6 months to 12 months where stipend is provided based on their skills. Industries have certain problems and are to be solved by the engineering students under the supervision of BITS faculty members, he added. Around 2000 students are doing internship programs with various industries to come up with innovative ideas. He said that the selection procedure for internships is based on skill tests. BITS has around 800 number of MoUs with Skyroot, ABB, DRDL etc. He suggested all the correspondence and documents are to be forwarded through Alumni for signing on MoUs. A MoU should have included the termination procedures in detail.

For internships, students must always approach industries/firms rather than faculty. Around 120 students clubs are running in the BITS Hyderabad campus among which Robotics, Rockets, Automobile, Space clubs are effectively working. BITS has Technology Business Incubator centre which is very active in functioning.

Technology Business Incubator (TBI)

Drone testing centre at BITS HYDERABAD campus

BITS students working on Space Rocket (Sand Box area)
