As a part of **Industry Institute Interaction (IIIC) and Institution's Innovation Council (IIC)** of Nalla Narasimha Reddy Education Society's of Group of Institutions, Hyderabad, the Director Dr CV Krishna Reddy, Dean-SoE & Convener – IIC Dr G Janardhana Raju, Deans of Dr Ch Krishna Mohan, Dr M Ravindra Reddy, HoDs of various branches and Professor Dr G Subba Rao and Senior Faculty member Mr P Srinivas Associate Professor visited MSME – Central Institute of Tool Design (CITD), Balanagar, Hyderabad on 25-01-2023.

The NNRG team members arrived CITD at 11.30 am, assembled in CITD board room. The CITD officials Mr J Bramheswaraiah, I/c Principal Director, Dr G Sannath Kumar – Dy Director, Mr Venkata Krishna – Dy Director, (Marketing Dept); Mr Rama Krishna – Dy Director, Mr Anil – Asst Director and Mr Babu Rao Asst Director were present in the Board room.

Mr J Bramheswaraiah, I/c Principal Director welcomed all the members and introduced CITD officials who are present. He has given a brief introduction about CITD. Dr G Sannath Kumar has given a detailed presentation about CITD facilities available and serviced offered to the Institutions & Industries. It was a very good interactive session.

After post lunch, the NNRG team members were taken to various labs/facilities and explained in detail by CITD officials.

Interactive session with Mr J Bramheswaraiah, I/c Principal Director, CITD

Dr G Sannath Kumar presenting about CITD facilities and services at Balanagar

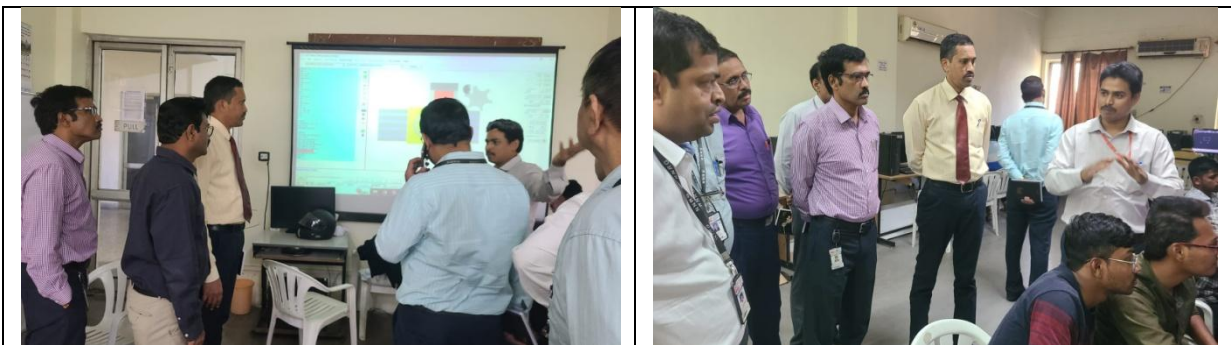

While speaking the objectives of Central Institute of Tool Design (CITD), Dr G Sannath Kumar stated that CITD is serving in so many domains to reduce the gap between Academicians and Industry sectors. "CITD services are expanding towards Agriculture & Medical fields in addition to Engineering" he said. He said around 18 Tool rooms are available all over India. He expressed his happiness by informing that 2 machines are developed for Fire works. He also said that Tool Room motto is to develop the tools which can help to develop the industries while Tool Tech centres are looking after R& D activities.
