Industry Institute Interaction (IIIC) and Institution's Innovation Council (IIC)

Date: 27-04-2024

Academic Year: 2023-2024

Activity: Two-day **"Project Expo"** by final year students.

Consolidated Report

The department of CSE and IT departments Conducted a project expo by final Year students on **26-04-2024** & **27-04-2024 for** students of CSE & IT dept. A total of 350 students of IInd year and IIIrd yearstudents had actively participated in expo conducted.

Among 80 projects of both CSE and IT departments, the best 30 had been selected by the Project Review Committee for the expo. Technical Projects covered all the major domains of CSE & IT are Internet of things, Machine Learning, Artificial Intelligence, Cloud Computing, Data Mining, Full stack development, Web Development, Computer Networks, Distributed Computing, and Android Development.

The expo was conducted at two venues, the Incubation Center, II floor, SOE, NNRESGI, and CSE Seminar Hall, III floor, SOE, NNRESGI. The expo started at 10.00 AM and lasted till 3.30 PM, both days. IInd and IIIrd year students got aware of the importance of pursuing clear objectives, interfaces to be managed, significant number of hierarchical layers, time and schedule urgency, conscious project selection decisions, product demonstrations and trending technologies.
