DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Date: 09-05-2024

Academic Year: 2023-2024

Activity: Two-Day "Skill Development Program" by Infosys

Consolidated Report

As part of students' skill development, Nalla Narasimha Reddy Group of Institutions organized a two-day session on "INFOSYS Springboard Maker Lab on Wheels" by the Infosys team on May 6th and 7th, 2024 for CSE and allied branches of CSE for students in which a total of 78 students participated in the program. The session was initiated by Adithya Krishna Vedamtham, a System Associate, who provided a brief introduction to the program. He was supported by his fellow associates: Sumanth Vallala, also a System Associate, Yashwant Kalepu, a Senior System Associate; and Vamshi Muthyapu, a Lead Consultant.

All the students were guided by the Infosys team to register in the "Infosys SpringBoard" app and were explained the importance and benefits of using the application. A small demo was provided to the students to showcase how to use the app effectively.

The session was conducted by Karthik Rangu, Robotics Trainer, he provided a brief overview of the Infosys SpringBoard and guided the students to a perfect start by assisting them in completing the assessments.

All the students were very enthusiastic as they had hands-on experience using the Arduino UNO board and all other components like jumpers, LEDs, and breadboards. The session was highly interactive, with Mr. Vamshi explaining all the experiment details very keenly.

All the students got a basic awareness of the various components like Arduino Board, LEDs, Sensors, resistors, Bread Board experimentation, and problem-solving skills.

All the students got a basic awareness of the various components like Arduino Board, LEDs, Sensors, resistors, Bread Board experimentation, and problem-solving skills.
